

Wait

Forage

Wait

Forage

Predicted Choice

Wait	2356	1795
Forage	406	4679

The figure is a confusion matrix for a classification task with two classes: 'Wait' and 'Forage'. The matrix is a 2x2 grid. The rows are labeled 'Wait' and 'Forage' on the left. The columns are labeled 'Wait' and 'Forage' at the bottom. The cells contain the counts of instances. The top-left cell (Wait predicted, Wait observed) is light blue and contains 2356. The top-right cell (Forage predicted, Wait observed) is light blue and contains 1795. The bottom-left cell (Wait predicted, Forage observed) is light blue and contains 406. The bottom-right cell (Forage predicted, Forage observed) is dark blue and contains 4679.
